

CONCRETE MIXER - PAN TYPE. 60 Kg

It is widely used for mixing the cement and concrete.

AIC-CMX-P60K CONCRETE MIXER - PAN TYPE. 60 kg.

The mixing is done by rotating drum on its axis where as the paddle or the rod remains stationary on its axis. The paddle or rod is fixed to the cover which is provided with a locking screw for closing the drum while mixing. The mixer has been provided with a tilting type mechanism with the help of a hand wheel. The mixer is provided with rubber wheels, which makes it easy to carry.

Pan Size	: 24" Dia.
Pan Depth	: 14"
Bottom Plate Thickness	: 10mm.
Side Wall Plate Thickness	: 4mm.
Pan Rotation Speed.	: 22-24rpm.
Discharge Arrangement	: Drum Tilting Arrangement.
Motor	: 2HP, 960rpm, 3 Phase.
Gear Box	: 2 Stage, Reduction Gear Box.

The mixer has a capacity of 60Kg. Most Suitable for the material 6 Moulds of 150mm.

CONCRETE MIXER PAN TYPE. 60kg WITH DETACHABLE PAN

It is widely used for mixing the cement and concrete.

AIC-CMX-P60KDP CONCRETE MIXER - PAN TYPE. 60 kg. WITH DETACHABLE PAN.

The mixing is done by rotating pan on its axis where as the paddle or the rod remains stationary on its axis. The pan can be detached from the machine with the help of trolley. The paddle or rod is fixed to the cover which is provided with a locking screw for closing the drum while mixing. The mixer is provided with rubber wheels, which makes it easy to carry.

Pan Size	: 24" Dia.
Pan Depth	: 14"
Bottom Plate Thickness	: 10mm.
Side Wall Plate Thickness	: 4mm.
Pan Rotation Speed	: 22-24rpm.
Discharge Arrangement	: Drum Tilting Arrangement.
Motor	: 2HP, 960rpm, 3 Phase.
Gear Box	: 2 Stage, Reduction Gear Box.

The mixer has a capacity of 60Kg. Most Suitable to generate concrete mix for the material 6 Moulds of 150mm at a time. Complete with 1 Trolley, 2 Stand to rest the Pan up to 60kg Capacity and 1 extra Pan.

OPTIONAL FITTINGS

AIC-CMP-60K CONCRETE MIXING PAN. 60kg.

This pan has capacity of 60Kg. 24" Dia x 14" Depth. Bottom plate made from 10mm Thick MS Sheet and side wall plate made from 4mm MS Sheet. It has suitable arrangement to get fixed with Concrete Mixer - Pan Type (AIC-CMX-P60KDP) Most Suitable for the material 6 Moulds of 150mm at a time.

AIC-ST-CMP60K. STAND FOR CONCRETE MIXING PAN. 60kg.

This stand can rest pan up to capacity of 60Kg.
